## Foreign languages

German	<b>TEST DAF</b> LV-4 HV-3 SA-4 MA-4
English	Excellent
Russian	Excellent in speaking, but only very good in writing skill because I use the language but have never learned it.
Serbo-croatian-bosnian-montenegrin	In my stay in Croatia I have learned it. With people, not with courses. I communicate on without a problem with native-speakers
Turkish	Just A1, from DEDAM in DEU, Izmir, but I am still learning it at home. (A2+)

**Technical abilities** Without a problem I solve daily problems with the computer like changing parts, installing and keeping the system in good condition, Software-applications and Office packets:MS Office, Open Office and etc. and etc.  
I work most on OS Windows XP and 7, and Linux Mint.  
I learned at home HTML and CSS, because I and one of my friends wanted to make a site, where we could our thought write and publicate. Yes, it is not anything special, but it is simple and very light. That is our essential. Here it is: **megapolicy.com**
